

# RESTORE YOUR SHORELINE

## FREE WORKSHOP

## Beautify your Shoreline!

If you live near or on a lake, stream, or pond you might worry about water quality, eroding shoreline from waves and ice heaves, or habitat for fish, pollinators and amphibians. Learn how to **PRESERVE** and **PROTECT** your shore and keep our water clean for fishing, recreating, and lake living. Free technical design assistance and funding reimbursement of **up to 75% of your project cost is available!**

### BEFORE

Lack of natural vegetation and mowing to the water's edge contributes to erosion and excess nutrients in the water body.

## WORKSHOP REGISTRATION

Cost: **FREE**, registration requested  
Call Carlton SWCD at **218.384.3891**

## DATE, TIME, & LOCATION

**Wednesday, July 7, 2024**  
3:00 p.m. - 4:30 p.m.  
Cromwell Park Pavilion  
5577 Cromwell Park Drive, Cromwell, MN 55726

### AFTER

Natural vegetation holds soil in place, limits ice and wave erosion, and filters pollutants.
